WENTWORTH RESOURCES LIMITED

INFORMATION CIRCULAR DATED MAY 19, 2015

ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON TUESDAY, JUNE 23, 2015

MANAGEMENT SOLICITATION OF PROXIES

This Information Circular is provided in connection with the solicitation of proxies by the management of Wentworth Resources Limited (“**Wentworth**” or the “**Corporation**”) for use at the annual and special meeting of holders (the “**Shareholders**”) of common shares (“**Common Shares**”) of the Corporation that will be held at the Hotel Continental, Stortingsgaten 24/26, Oslo, Norway on Tuesday, June 23, 2015, at 10:00 a.m. (CEST) and at any adjournment thereof (the “**Meeting**”), for the purposes set forth in the accompanying Notice of Annual Meeting (“**Notice of Meeting**”). Although it is expected that the solicitation of proxies will be primarily by mail, proxies may be solicited personally or in person, by telephone, facsimile, or other electronic or telecommunication device by directors, officers or employees of the Corporation who will not be specifically remunerated therefor. The cost of any such solicitation will be borne by the Corporation.

This Information Circular is prepared in accordance with the *Business Corporations Act* (Alberta) (“**ABCA**”) including the regulations thereunder, the corporate statute that governs the Corporation as a result of being incorporated pursuant to the laws of the Province of Alberta, Canada. Consequently, the content of this Information Circular may be different from other companies that have their primary listing on the Oslo Stock Exchange (“**Oslo Børs**”). The Common Shares are also quoted for trading on the AIM Market of the London Stock Exchange (“**AIM**”). The Corporation has also reported in accordance with the Norwegian Code of Practice of October 30, 2014 (the “**Code**”) and the UK Corporate Governance Guidelines. This Information Circular is to be read in conjunction with the 2014 annual report that contains disclosure on the Corporation’s Norwegian Corporate Governance compliance (collectively the “**Annual Report**”).

The information in this Information Circular is given as of May 19, 2015, unless otherwise indicated.

SHAREHOLDERS ELIGIBLE TO VOTE AT THE MEETING

The Corporation has established a record date of May 22, 2015 (the “**Record Date**”) for persons entitled to receive notice of and to vote at the Meeting, and only registered Shareholders of record as of the close of business on the Record Date are entitled to receive notice of and to vote their Common Shares at the Meeting unless after May 22, 2015 a registered Shareholder of record transfers Common Shares and the transferee, upon establishing ownership of the Common Shares, demands, not later than 10 days before the Meeting, that the transferee be included on the list of Shareholders entitled to vote such Common Shares at the Meeting. See also “Voting Shares and Principal Holders Thereof” and “Voting by Proxy for Registered Shareholders” below.

A significant number of persons who beneficially own Common Shares hold such Common Shares as Depositary Interests (“**DIs**”), in a brokerage account or through some other intermediary. In almost all cases, a person whose Common Shares are held as DIs, through a broker or other intermediary, **will not be a registered Shareholder**. Beneficial Shareholders (as defined below) should note that only proxies deposited by registered Shareholders (*i.e.*, Shareholders whose names appear on the records of the Corporation) will be recognized and acted upon at the Meeting. Beneficial Shareholders should therefore ensure that instructions regarding the voting of their Common Shares are properly communicated to the appropriate person (*i.e.* registered Shareholders) well in advance of the Meeting. See “Voting Directions for Non-Registered Beneficial Holders” below.

NOTICE TO SHAREHOLDERS

The Common Shares of Wentworth are listed on AIM and the Oslo Børs.

AIM

Trades in the securities, including the Common Shares, quoted on AIM must be settled in the first instance in the CREST settlement system maintained by Euroclear UK and Ireland (“**Euroclear**”). The CREST settlement system is a system that allows securities to be transferred electronically in dematerialized form from one person’s CREST account to another without the need to use share certificates or written instruments of transfer.

Securities issued by the Corporation, being a corporation incorporated outside of the United Kingdom, cannot be held or transferred in CREST. Therefore, in order to enable investors to hold and transfer such securities through CREST, any CREST member must request to have their holding dematerialized and hold the relevant securities as DIs representing the underlying securities, which are then held in trust for the holders of the DIs. The DIs are issued and administered by Capita IRG Trustees Limited (the “**Depository**”), which provides a DI facility and other registration services to the Corporation.

CREST is a voluntary system and holders of Common Shares who wish to receive and retain share certificates are able to do so. No temporary documents of title will be issued by the Corporation. The Common Shares have not themselves been admitted to CREST. Instead, the Depository will issue DIs in respect of the underlying Common Shares. The DIs representing the underlying Common Shares will be independent securities constituted under English law and capable of being held and transferred through CREST. The DIs will have the same ISIN as the underlying Common Shares and will not require a separate listing on AIM.

In the case of Common Shares held in uncertificated form as DIs, the Depository will be responsible for keeping the records of such holdings, and will report to the Corporation from time to time.

The Common Shares traded on AIM (through DIs) can be transferred to the Oslo Børs and into VPS Interests (as defined below) and vice versa. Shareholders wishing to transfer stock from DIs to the VPS can do so through their broker. Movements from the VPS to trading on AIM as DIs can also be made in this manner. In such a way, the Common Shares can be traded on the Oslo Børs or AIM, irrespective of the jurisdiction in which the investor is based. However, it should be noted that if cross border delivery is required this may slow down the settlement time so investors are advised to discuss this with their broker at the time any trade is placed.

Oslo Børs

The Common Shares are also listed on the Oslo Børs and are registered with the Norwegian Central Securities Depository, also known as “*Verdipapirsentralen*” (“**VPS**”), a Norwegian corporation operating a computerized book-based entry system in which ownership, encumbrances and transactions related to securities listed on the Oslo Børs are recorded. A requirement of being listed on the Oslo Børs is that a record of the ownership of the Common Shares traded on the Oslo Børs must be registered with the VPS. Nordea Bank Norge ASA (the “**VPS Registrar**”) is the registrar of the Corporation in accordance with the terms set out in a registrar agreement entered into between the Corporation and the VPS Registrar.

In order that Common Shares traded on the Oslo Børs can be more easily transferred between the Oslo Børs and AIM (as referred to above), the VPS Registrar is registered as the holder of DIs (representing Common Shares) in aggregate equivalent to the amount of the Common Shares traded on the Oslo Børs. Neither the Common Shares nor the DIs themselves are traded on the Oslo Børs and the VPS Registrar instead registers beneficial interests (deposit rights) in the Common Shares in VPS (“**VPS Interests**”) for the purposes of such VPS Interests (themselves representing Common Shares) being traded on the Oslo Børs. The VPS Registrar holds the DIs as nominee on behalf of each beneficial holder of the underlying Common Shares. The VPS Registrar registers each Shareholder’s ownership of Common Shares traded as VPS Interests on the Oslo Børs in each such Shareholder’s VPS account. Each Shareholder’s ownership rights in respect of the underlying Common Share represented by each VPS Interest will be registered in the VPS under the

category of a “share” and the relevant Shareholder’s ownership of the VPS Interest will be listed and traded on the Oslo Børs. Each VPS Interest registered with the VPS will evidence the relevant holder’s beneficial ownership of one Common Share.

The Common Shares held on the VPS Register, which remain listed and traded on the Oslo Børs, may be transferred into DIs held through CREST and vice versa. Shareholders wishing to transfer stock from the VPS Register to a DI can do so through their broker. Movements from CREST to the VPS Register can also be made.

VOTING BY PROXY FOR REGISTERED SHAREHOLDERS

The following instructions are for registered Shareholders only. Only registered Shareholders or their duly appointed proxyholders are permitted to vote at the Meeting.

Each registered Shareholder must complete and submit a form of proxy (“**Form of Proxy**”), a copy of which will be sent to each registered Shareholder, to vote their Common Shares no later than 48 hours (excluding Saturdays, Sundays and holidays in Alberta, Canada) prior to the time of the Meeting, or any adjournment(s) thereof.

Appointment and Revocation of Proxies

The persons named in the Form of Proxy are officers and directors of the Corporation (“**management designees**”). **A registered Shareholder submitting a proxy has the right to appoint a person (who need not be a Shareholder) to represent the Shareholder at the Meeting other than the person or persons designated in the Form of Proxy furnished by the Corporation. To exercise this right, the Shareholder must cross out the names of the management designees and legibly insert the name of the desired representative in the blank space provided in the Form of Proxy** or by submitting another appropriate proxy. To be effective, and acted upon, a properly executed and completed Form of Proxy must be deposited with Capita, at 34 Beckenham Road, Kent BR3 4TU by 10:00 a.m. (BST) on June 19, 2015, being 48 hours (excluding Saturdays, Sundays and holidays in Alberta) prior to the time of the Meeting, or at least 48 hours prior to any adjournment(s) thereof (excluding Saturday, Sundays and holidays in Alberta, Canada). The Form of Proxy must be in writing and must be executed by the Shareholder or the Shareholder’s attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal, by an officer or attorney, authorized in writing. A proxy signed by a person acting as attorney, executor, administrator, trustee or in some other representative capacity must, in the space provided in the Form of Proxy, indicate his or her capacity to act and must provide evidence of his or her qualification and authority to act. If you return the Form of Proxy to Capita and have left the line for the proxyholder’s name blank, then the Chair (or his alternate) will automatically become your proxy holder.

A registered Shareholder that has given a proxy may revoke it by (a) depositing an instrument in writing executed by the Shareholder or by the Shareholder’s attorney authorized in writing at (i) the registered office of the Corporation at any time up to and including the day before the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or (ii) with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, prior to commencement; or (b) in any other manner permitted by law. If the Shareholder is a corporation, a revoked proxy must be effected in its name under the corporate seal or by an officer or attorney of the corporation.

Exercise of Discretion by Proxy Holder

All Common Shares represented at the Meeting by properly executed proxies will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for, and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **IN THE ABSENCE OF ANY SUCH DIRECTION, SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF THE MATTERS SET OUT IN THE NOTICE OF MEETING HEREIN.** The Form of Proxy also confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

At the time of printing this Information Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. If any such matter or if any amendments to, or variations of, the matters identified in the Notice of Meeting should properly come before the Meeting, proxies received pursuant to this solicitation will be voted on such matters, amendments or variations in accordance with the best judgement of the persons voting the proxy.

VOTING DIRECTIONS FOR NON-REGISTERED BENEFICIAL HOLDERS

Holders of Depository Interests, holders of VPS Interests and holders of Common Shares held through a broker or Nominee (“Beneficial Shareholders”).

A. Beneficial Shareholders who hold their Common Shares through the Depository as at the Record Date.

Holders of Depository Interests can direct the Depository how to vote their shares or abstain from voting by completing, signing and returning the enclosed Form of Direction for use at the Meeting which is enclosed with this Information Circular (the “**Form of Direction**”). To be valid, the Form of Direction must be filled out, correctly signed (exactly as your name appears on the Register of Depository Interests), and delivered to Capita Registrars, PXS, 34 Beckenham Road, Beckenham, Kent, BR3 4TU, United Kingdom, by 10:00 a.m. (BST) on Thursday, June 18, 2015, or 72 hours prior to any reconvened Meeting in the event of an adjournment of the Meeting (excluding Saturday, Sundays and holidays in Alberta, Canada and / or the United Kingdom). The Depository will then vote or abstain from voting on the holders of Depository Interests’ behalf at the Meeting, as instructed in the Form of Direction.

Alternatively, holders of Depository Interests can vote using the CREST electronic proxy voting service by using the procedures described in the CREST manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed voting service provider(s) should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf. In order for an instruction made by means of CREST to be valid, the appropriate CREST message must be properly authenticated in accordance with Euroclear’s specifications and must contain the information required for such instructions, as described in the CREST manual. The message must, in order to be valid, be transmitted so as to be received by the issuer’s agent, Capita Registrars Limited (CREST Participant ID RA10) by 10:00 a.m. (BST) on June 18, 2015 being 72 hours before the Meeting (excluding Saturday, Sundays and holidays in Alberta, Canada and / or the United Kingdom). For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST applications host) from which the issuer’s agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of a proxy appointment or instruction made by means of CREST, having been properly authenticated in accordance with Euroclear’s specifications, containing all information required for such instructions (a “**CREST Proxy Instruction**”). It is therefore the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his or her CREST sponsor or voting service provider(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and timings.

The Corporation may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) of the United Kingdom Uncertificated Securities Regulations 2001.

B. Beneficial Shareholders who hold VPS Interests

Holders of VPS Interests must complete and submit a form of proxy (“**VPS Form of Proxy**”), a copy of which will be sent to each holder of VPS Interests, to the VPS Registrar, Nordea Bank Norge ASA, Securities Services – Issuer Services, P.O. Box 1166 Sentrum, N-0107, Oslo, Norway, to vote their Common Shares no later than 10:00 a.m. (BST) / 11:00 a.m. (CEST) on Friday, June 19, 2015, or at least 48 hours (excluding Saturdays, Sundays and holidays in Norway

and / or Alberta, Canada) prior to any reconvened Meeting in the event of an adjournment of the Meeting. The VPS Registrar will then vote or abstain from voting on your behalf at the Meeting, as instructed in the VPS Form of Proxy. VPS Proxy Forms may also be submitted prior to the above deadline by email to issuerservices.no@nordea.com or by fax to +47 22486349.

C. Beneficial Shareholders who hold their Common Shares through a broker or a nominee

If Common Shares are beneficially held through a broker or nominee, these Beneficial Shareholders are not entitled to vote in person or by proxy at the Meeting. Instead these Beneficial Shareholders must give their voting instructions to their broker or nominee. Each broker or nominee should solicit from their customers, directions on how to vote the Common Shares, and the broker or nominee (if applicable) must then vote such Common Shares in accordance with those instructions (whether through the Depository or otherwise). The broker or nominee will give the Beneficial Shareholders directions on how to instruct the broker to vote their shares. The broker or nominee will not be able to vote the Beneficial Shareholders Common Shares unless the broker receives appropriate instructions from the Beneficial Shareholders.

Revoking Voting Instructions

If the holders of Common Shares want to revoke voting instructions, in the case of Shareholders holding their Common Shares beneficially through the Depository, voting instructions may be revoked prior to its exercise by:

- giving written notice of the revocation to Capita Registrars; or
- properly completing and executing a later-dated voting instruction and delivering it to Capita, by 10:00 a.m. (BST) on Thursday, June 18, 2015, being 72 hours before the Meeting, or 72 hours (excluding Saturdays, Sundays and holidays in Alberta and / or the United Kingdom) prior to any reconvened Meeting in the event of an adjournment or postponement of the Meeting.

If the holders of Common Shares want to revoke voting instructions, in the case of Shareholders holding their Common Shares beneficially through a broker or nominee, voting instructions may be revoked prior to its exercise by following the procedure provided by the broker to change those voting instructions.

NOTICE-AND-ACCESS

Although the Corporation is not a reporting issuer under Canadian securities laws, the Corporation has elected to use a Notice-and-Access model to send proxy-related materials to Shareholders (Beneficial Shareholders as well as registered Shareholders) for this Meeting similar to the approach provided for reporting issuers under National Instrument 54-101 – *Communication with Beneficial Owners of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations* (“**Notice-and-Access**”). Notice-and-Access is a new set of rules developed by the Canadian Securities Administrators that reduces the volume of materials that must be physically mailed to Shareholders by allowing a reporting issuer to post its Information Circular and any additional materials online.

Shareholders will still receive a notification of this Meeting and the associated proxy documentation and may choose to receive a hard copy of the Information Circular, as well as a hard copy of the Corporation's annual report containing the audited financial statements of the Corporation for the year ended December 31, 2014. The Corporation will not use procedures known as 'stratification' in relation to the use of Notice-and-Access. Stratification occurs when an issuer using Notice-and-Access provides a paper copy of its Information Circular to some shareholders only with the notice package.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation was incorporated under the name Artumas Group Inc. pursuant to the ABCA on August 8, 2000. STATEMENT OF EXECUTIVE COMPENSATION

For the purposes of this Information Circular:

“NEO” or “Named Executive Officer” means each of the following individuals:

- (a) the CEO (as defined in Form 51-102F6 – *Statement of Executive Compensation* (“**Form 51-102F6**”));
- (b) the CFO (as defined in Form 51-102F6);
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than CAD\$150,000, for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation nor acting in a similar capacity, at the end of that financial year.

Compensation Discussion and Analysis

The objective of the Corporation’s compensation program are to: (i) attract and retain the best talent available in the energy sectors; (ii) align the short-term and long-term compensation of NEOs with the interests of shareholders; and (iii) motivate NEOs. The Corporation’s compensation program is designed to reward both individual and corporate performance.

The Corporation’s Compensation Committee is composed of one independent director, Neil B. Kelly and two non-independent directors, John W.S. Bentley and Robert P. McBean. All members of the Compensation Committee have served on the Compensation Committee or on compensation committees for other issuers in the past and, accordingly, have experience in assessing survey and other compensation data and criteria relevant to discharging the Compensation Committee mandate and their roles on such committee.

The Compensation Committee exercises general responsibility regarding overall employee and executive compensation. The Compensation Committee annually reviews the Corporation’s compensation philosophy and the compensation paid to each Named Executive Officer to ensure that the Corporation remains competitive within its peer group and is able to attract and retain the best possible talent to the Corporation.

The Compensation Committee, in consultation with the Executive Chairman, determines the total compensation of the other Named Executive Officers of the Corporation (other than the Executive Chairman), in accordance with Board-approved compensation policies and guidelines.

The compensation paid to the Named Executive Officers consists of base salaries, bonuses, stock option grants and perquisites.

Base Salaries and Perquisites

Base salary is compensation for discharging job duties and responsibilities and reflects the level of skills and capabilities demonstrated by the Named Executive Officer. To ensure the remuneration of executive officers of the Corporation is competitive, the Compensation Committee utilizes informal industry assessments, surveys and other market and competitive data for comparable-sized companies in the oil and gas industry. In 2014, the Compensation Committee obtained a salary survey from Mercer (Canada) Limited, an independent professional compensation consulting company, in order to compare the total compensation packages of the Named Executive Officers with those of their peers. However, the Compensation Committee's decisions are ultimately an exercise of business judgement and discretion rather than purely formulaic performance measures.

The Compensation Committee also considers the long-term interests and financial objectives of the Corporation. Generally, the Compensation Committee targets the median salary range based on the data that it considers.

The Corporation's group life, short-term disability, long-term disability, health and dental benefit plans are comparable to industry peers and are available to all full-time employees.

Bonuses

An annual bonus may be paid each financial year to the Named Executive Officers based on the Compensation Committee's assessment of the Corporation's general performance, as measured against a portfolio of goals or targets agreed upon by the Compensation Committee and management at the start of the financial year, and the relative contribution of each Named Executive Officer to that performance. The maximum bonus payable to any Named Executive Officer is 50.0% of base salary

Long-Term Incentive Compensation

The Corporation provides long-term incentive compensation to its executive officers through its stock option plan. The Compensation Committee believes that Common Share ownership serves to motivate achievement of the Corporation's strategic objectives and to align the interests of officers, employees and consultants with the long-term interests of the Shareholders. Previous grants of stock options are not taken in consideration when determining the current year's grant of stock options.

The Corporation adopted an amended stock option plan effective July 16, 2008 (the "**Option Plan**"), that provides for the issuance of up to 10.0% of the issued and outstanding Common Shares. For further details of the Option Plan, see the section "Option-Based Awards" below.

Financial Instruments

As part of the Corporation's Insider Trading Policy, Named Executive Officers and directors are prohibited from selling securities of the Corporation if they do not own or have not fully paid for the securities to be sold (short sales). In addition, Named Executive Officers and directors are prohibited from trading in puts and calls on the Corporation's securities. Named Executive Officers and directors are not specifically prohibited from purchasing prepaid variable forward contracts, equity swaps or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities (or options in respect thereof) granted as compensation or held, directly or indirectly.

Risk of Compensation Policies and Practices

The Board and the Compensation Committee have not formally considered the implications of the risks associated with the Corporation's compensation policies and practices. However, the Corporation's compensation practices give greater weight toward long-term incentives than short-term incentives with a view to mitigating the risk of encouraging short-term goals at the expense of long-term sustainability and the enhancement of shareholder value. The discretionary nature

of the annual bonus awards and option grants are significant elements of the Corporation's compensation plans and provide the Board and the Compensation Committee with the ability to reward individual and corporate performance and individual behaviour that the Board and the Compensation Committee consider to be aligned with the best intent of the Corporation.

CORPORATE GOVERNANCE

As a Canadian corporation registered under Alberta corporate law, with its primary listing on the Oslo Børs, the Corporation is subject to the rules of the Oslo Børs, including its continuing obligations for listed companies. According to those rules, the Corporation is required to publish a statement on the Corporation’s principles for corporate governance in accordance with Section 3-3b of the Norwegian Accounting Act and the Norwegian Code of Practice for Corporate Governance of October 30, 2014 (the “**Code of Practice**”). According to section 1 of the Code, the Corporation must provide a corporate governance statement in the Management Discussion & Analysis (“**MD&A**”), being the directors’ report, or in a document that is referred to in the MD&A. The Code of Practice is available at www.nues.no.

The Corporation provided its corporate governance statement in its 2014 MD&A which is filed with the Oslo Børs and posted on the Corporation's website (www.wentworthresources.com) where it is publicly available.

Pursuant to the admission of the Corporation's Common Shares for trading on AIM on October 25, 2011, the Corporation is also subject to the AIM Rules for Companies. The Board considers it appropriate to comply with the Corporate Governance Guidelines for Smaller Quoted Companies (the "QCA Code") (published by the Quoted Companies Alliance, from time to time) to the extent that it is practical to do so, given the nature and current size of the Corporation. The QCA Code states that companies that wish to demonstrate good corporate governance are advised to publish an annual statement detailing their approach to corporate governance. The Corporation is not required to comply with the Listing Rules which require companies to implement a higher level of corporate governance reporting than QCA Code. The QCA Code is available at www.theqca.com.

Canadian National Policy 58-201 – *Corporate Governance Guidelines* provides guidance on corporate governance practices for Canadian legal entities. These guidelines, while not mandatory, deal with the constitution of boards of directors and board committees, their functions, their independence from management and other means of addressing corporate governance practices. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("NI 58-101") mandates that an issuer must disclose, on an annual basis, its approach to corporate governance with reference to the form prescribed by NI 58-101.

A summary of the Corporation's corporate governance practices, in Form 58-101F1, is attached as Schedule "B" hereto.

AUDIT COMMITTEE

Audit Committee: The Corporation's Audit Committee is composed of Cameron Barton (non-independent), John W.S. Bentley (non-independent) and Neil B. Kelly (independent). Each member of the Audit Committee is "financially literate" as defined in National Instrument 52-110, Audit Committees of Alberta Securities Laws. A copy of the Audit Committee Charter is attached as Schedule "B" to this Information Circular. Due to certain Audit Committee members being past officers of the Corporation, being Messrs. Barton and Bentley, the composition of the Audit Committee currently does not comply with its charter with respect to independence. However, as these members are no longer officers of the Corporation, the Board believes that an appropriate level of independence exists to enable the Audit Committee to carry out its duties. In addition, the Board believes that the members of the Audit Committee exercised reasonable judgement in carrying out their duties and responsibilities.

The duties of the Audit Committee, as set forth in its charter, include monitoring the Corporation's internal controls over financial reporting, disclosure policies, compliance with legal and regulatory requirements, ethical standards and risk evaluation systems. The Audit Committee is also responsible for the oversight of the performance, qualifications and independence of the Corporation's auditor, including maintaining regular contact with the Corporation's auditor in respect of the audit of the Corporation's annual consolidated accounts and the review of the quarterly consolidated accounts, and reviewing and monitoring the independence of the auditor/accounting firm used by the Corporation, including monitoring non-audit services provided by the auditor/accounting firm. The members of the Corporation's Audit Committee are financially literate. The Board is of the view that since all the members of the Audit Committee have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements, their level of accounting knowledge is sufficient without the need to acquire more advanced accounting expertise.

Relevant Education and Experience: Mr. Barton has over 30 years of finance, executive and board experience in the energy industry. Mr. Barton is currently serving as Executive Advisor in a consulting capacity with Sanjel Corporation, Canada’s largest independently owned international oil and gas pumping services company, having formerly held the position of group CFO for a term of 5 years. Mr. Barton was the past President, CEO and CFO of Artumas Group Inc. (now the Corporation), Vice President Finance and General Manger of Centrica plc’s Western Canadian Region, Vice President of Business Development with AltaLink L.P. and was a senior financial executive with TransAlta Corporation in Canada and New Zealand for 18 years. Mr. Barton earned his Bachelor of Arts and Science degree from the University of Lethbridge, and is a certified member of the Society of Management Accountants.

Mr. Bentley has 15 years of experience as a director of the board of various public companies in which he has also served as a member of the audit committee. He currently serves as chairman and an audit committee member of Faroe Petroleum plc.

Mr. Kelly is a professional engineer with over 40 years experience in the oil and gas industry. During an extensive career with ExxonMobil, Mr. Kelly served in both managerial and executive positions and was a director of PT Arun LNG Co. in Indonesia. Additionally, Mr. Kelly was the first Managing Director of Ras Laffan LNG Company in the State of Qatar and guided the company through the growth phase into a fully operating company with a capital budget of US\$3.5 billion, annual operating budget of over US\$100 million and 900 employees.

Pre-Approval Policies and Procedures: The Audit Committee has not adopted any policy respecting the engagement of its auditor for non-audit services.

External Auditor Services Fees (By Category): The following are the aggregate fees expensed by the Corporation in respect of services provided by the Corporation’s external auditor, KPMG LLP, for the category of fees described:

	2014 (US\$)	2013 (US\$)

All other fees paid to the auditor ⁽⁴⁾	99,079	96,084
Total	<u>319,483</u>	<u>381,573</u>

WENTWORTH RESOURCES LIMITED

Statement on the Determination of Compensation of Executive Personnel

Guidelines for Compensation

The main purpose of the executive compensation program is to encourage a strong and sustainable performance-based culture, which supports growth in shareholder value. The total compensation to executives consists of a market competitive base salary, discretionary annual bonus, standard employee benefits and participation in the corporation's stock option plan.

The Corporation's compensation program is designed to reward both individual and corporate performance.

Salary, Bonus, Benefits (*Advisory*)

- All executives receive a fixed salary and standard employee benefits. An assessment of the salary is to be completed each year and any changes shall be in writing and approved by the Board.
- An annual bonus may be paid each financial year to an executive based on the Compensation Committee's assessment of the Corporation's general performance and individual performance. The maximum bonus payable to any executive is 50% of base salary.
- Information about severance arrangements for executives are contained in the Management Information Circular prepared for the Annual Meeting.

Stock Options (*Binding*)

- The Corporation provides long-term incentive compensation to its executives through its stock option plan. Previous grants of stock options are not taken in consideration when determining the current year's grant of stock options. The Corporation adopted an amended stock option plan effective July 16, 2008, that provides for the issuance of up to 10.0% of the issued and outstanding common shares.

The Board shall have the right in exceptional circumstances to deviate from these established guidelines if there are special reasons in an individual case.

The Corporation's compensation strategy gives greater weight toward long-term incentives than short-term incentives with a view to mitigating the risk of encouraging short-term goals at the expense of long-term sustainability and the enhancement of shareholder value. The discretionary nature of the annual bonus awards and option grants are significant elements of the Corporation's compensation plans and provide the ability to reward individual and corporate performance and individual behaviour that the Board and the Compensation Committee, being a subset of the Board, consider to be aligned with the best intent of the Corporation.

Additional details are disclosed in the Management Information Circular prepared for the Annual Meeting under the Statement of Executive Compensation section.

Any responsibility which is not delegated to management or a Board Committee remains with the full Board. A copy of the Board Mandate is attached as Schedule “D” to this Information Circular.

Position Descriptions: The Board does not currently have written position descriptions for the Executive Chairman of the Board or for the Managing Director. The Executive Chairman of the Board is responsible for the management, development and effective performance of the Board and provides leadership to the Board for all aspects of its work. The chair of each Board committee is responsible for guiding the committee pursuant to the procedures and guidelines set out in the written committee charter. The Managing Director is an executive officer of the Corporation. The Executive Chairman and the Managing Director are the leaders of the Corporation’s management team; set the tone for the Corporation by exemplifying consistent values of high ethical standards and fairness; lead the Corporation in defining its vision; are the main spokespersons for the Corporation; and bear the chief responsibility to ensure the Corporation meets its short-term operational and long-term strategic goals. The Managing Director works with and is accountable to the Board.

Orientation consists primarily of an overview of the role of the Board and its committees and a review of the business, policies and practices of the Corporation. Each new director is also provided with a Board manual, which includes the various position descriptions, mandates and policies.

As part of continuing education, the Board receives management presentations with respect to the operations and risks of the business of the Corporation at least four times per year, with a more significant presentation provided in conjunction with the annual budgeting process and annual strategic planning meeting with all directors and officers in attendance. In addition, the opportunity is available for individual directors to identify their continuing education needs through a variety of means, including discussions with management and at Board and committee meetings.

Ethical Business Conduct: The Corporation has developed and approved a written Code of Ethics and Business Conduct outlining business conduct, disclosure and confidentiality. The Code of Ethics and Business Conduct sets out the minimum standards of behaviour required by all directors, officers, employees and contractors in conducting the business affairs of the Corporation including conflicts of interest, protection and proper use of corporate assets and opportunities, confidentiality of corporate information, anti-corruption, fair dealing with the Corporation’s security holders, customers, suppliers, competitors and employees, compliance with laws, rules and regulations, maintenance of corporate records and the reporting of illegal or unethical behaviour. The Code of Ethics and Business Conduct also requires communication to the investing public about the Corporation to be timely, factual and accurate and in accordance with the Corporation’s Disclosure Policy. The Corporation has adopted policies and is in compliance with the insider trading rules applicable to issuers listed on Oslo Børs. Effective March 18, 2008, the Board amended its Code of Ethics and Business Conduct to include more detailed provisions dealing with compliance with the applicable domestic and foreign anti-corruption

legislation. Effective October 21, 2011, it was amended again in conjunction with the listing of the Common Shares to AIM, which includes procedures in compliance with the UK Bribery Act.

In conjunction with the Code of Ethics and Business Conduct, the Board has also developed a Disclosure Policy and an Insider Trading Policy. These policies have been developed, respectively, to ensure that communications to the investing public are timely, factual, accurate and broadly disseminated in accordance with all applicable laws and regulations and to prescribe rules for directors, officers and employees of the Corporation, and other individuals providing professional and business services to the Corporation, with respect to trading in securities of the Corporation. The duties of the Compensation Committee include preparing guidelines for the remuneration of the executive officer and other remuneration matters, and preparing matters relating to other material employment issues in respect of the executive officer. For further information, see “Compensation Discussion and Analysis” under the heading “Statement of Executive Compensation” in this Information Circular.

Audit Committee: For disclosure regarding the Audit Committee, see the section “Audit Committee” in the Information Circular.

Resources Committee: The Compensation Committee is composed of two non-independent directors and one independent director.

Governance and Nomination Committee: In addition to the Audit and Compensation Committees, the Board has also established a Governance and Nomination Committee. On December 7, 2007, the Board adopted a formal charter for the Governance and Nomination Committee. The charter was amended on October 21, 2011.

The Corporation’s Governance and Nomination Committee consists of three non-independent directors. It is responsible for developing the Corporation’s approach to corporate governance and reporting annually to the Corporation’s shareholders through disclosure of the Corporation’s corporate governance practices.

In addition, the Governance and Nomination Committee establishes criteria for the Board and committee membership, and uses that criteria to recommend composition of the Board and its committees, propose the remuneration to be paid to the members of the Board and its committees and, as circumstances arise, assess directors’ performance. The Governance and Nomination Committee is responsible for identifying, interviewing and proposing to the Board candidates who possess suitable knowledge of the nature of the Corporation’s business activities and who have appropriate experience and standing in those jurisdictions where the Corporation operates.

Nomination of Directors: Once a decision has been made to add or replace a director, the task of identifying and recommending new candidates falls on the Governance and Nomination Committee. Proposals are put forth by the Governance and Nomination Committee to the Board. Annually, the Governance and Nomination Committee proposes to the Board the directors recommended to be re-elected or elected at the annual general meeting of shareholders of the Corporation.

According to the Corporation’s Articles and the ABCA, the directors may, between annual general meetings, appoint one or more additional directors to serve until the next annual general meeting, but the number of additional directors shall not at any time exceed one-third of the number of directors who held office at the expiration of the last annual general meeting of the Corporation.

Assessments: The Board has delegated the responsibility to conduct assessments of the Board, its committees and individual directors to the Corporation’s Governance and Nomination Committee. The Governance and Nomination

Committee has not, to date, considered it necessary to conduct a formal assessment of the Board, its committees and individual directors. The Governance and Nomination Committee satisfies itself that the Board and its committees and individual directors are performing effectively through informal discussions amongst individual directors and officers of the Corporation, and reports to the Board indirectly through recommendations for re-election, compensation and committee membership of the directors. Any concerns about the effectiveness of the foregoing can be addressed to the Executive Chairman of the Board.

MANDATE OF THE BOARD OF DIRECTORS

The fundamental responsibility of the Board of Directors is to appoint or ensure that there is a competent executive team and to oversee the management of the business, with a view to maximizing shareholder value and ensuring corporate conduct in an ethical and legal manner via an appropriate system of corporate governance and internal control.

The Mandate of the Board was adopted by the Board on June 21, 2007 and amended on October 21, 2011.

1. COMPOSITION OF THE BOARD

1.1 The Board shall consist of at least two but not more than ten Directors, with the number of Directors set by the Board. The number of Directors shall be sufficient to allow rotation of the members of each of the Board's Committees as required. Directors shall stand for election by the Shareholders of the Corporation at each Annual Meeting.

1.2 The Board shall have a majority of independent Directors as such term is defined in the securities regulation in Norway and Canada and subject to the United Kingdom corporate governance guidelines. No Director who is also an executive officer or employee of the Corporation (or any related entity) or who is related to any material business contact of the Corporation shall be considered to be an independent Director. In general, each independent Director shall be free of any relationship that could, or could reasonably be perceived to, in the opinion of the Board, interfere with the exercise of independent judgment as a member of the Board. Further, at least two Directors elected by the Shareholders of the Corporation shall be independent of any holders of 10% or more of the voting securities of the Corporation. The Board as a whole shall annually review and make a determination as to each Director's status as an independent Director.

1.3 The Chair of the Board should be an independent Board member as defined above. Alternatively, where this is not appropriate, an independent Director should be appointed to act as "lead Director" to act as the effective leader of the Board and to insure that the Board's agenda will enable it to successfully carry out its duties. In any event, the composition of the Board should meet the Corporation's need for expertise, capacity and diversity.

2. BOARD MEETINGS

2.1 Board meetings shall comply with the requirements of the Corporation's by-laws. The Board shall meet at least every quarter for a formal Board meeting. A quorum of the Board shall consist of a majority of the Directors. Participation in a meeting of the Board by telephone is permissible at the request of a Director and with the prior consent of the Chair of the Board. Each meeting of the Board shall be followed by an in-camera meeting of independent Directors.

2.2 Directors must attend (which may be by telephone conference) all Board and applicable Committee meetings unless there is a compelling reason for non-attendance. The Board expects that each Director will prepare for each meeting of the Board by reviewing materials provided in advance of the meeting.

2.3 Corporate Secretary shall take minutes of each Board meeting and shall distribute them to each Director for comments prior to their final release.

3. BOARD ORIENTATION AND CONTINUING EDUCATION

3.1 The Board shall ensure that all new Directors receive an orientation. All new Directors should fully understand the role of the Board and its Committees, as well as the contribution individual Directors are expected to make (including, in particular, the commitment of time and resources that the Corporation expects from its Directors). All new Directors should also understand the nature and operation of the Corporation's business.

3.2 The Board shall at its discretion provide continuing education opportunities for all Directors, so that individuals may maintain or enhance their skills and abilities as Directors, as well as to ensure their knowledge and understanding of the Corporation's business remains current.

4. CODE OF BUSINESS CONDUCT AND ETHICS

4.1 The Board shall define the Corporation's basic corporate values and shall adopt a written code of business conduct and ethics in accordance with these values. Once adopted, the code shall be applicable to all Directors, officers and employees of the Corporation and shall constitute written standards that are reasonably designed to promote integrity and to deter wrong-doing. The Board shall be responsible for monitoring compliance with the code. Any waivers from the code that are granted for the benefit of the Corporation's Directors or executive officers shall be granted by the Board only.

5. BOARD COMMITTEES

5.1 The Board shall establish such Committees as the Board deems necessary to assist the Board in meeting its responsibilities. Each of the Committees shall consist of such number of independent Directors as required by applicable Canadian and Norwegian laws and as recommended under United Kingdom corporate governance guidelines. The Board, at its organizational meeting held in conjunction with each annual general meeting of the Shareholders, shall nominate the Chair and members of the Committee for the ensuing year. The Board may at any time remove or replace any member of the Committee and may fill any vacancy in the Committee.

5.2 Each Committee shall report to the Board on its deliberations after each Committee meeting. Members of management and non-independent Directors may be invited to Committee meetings by the Chair of a Committee, but shall not participate in the in-camera sessions of any Committee.

5.3 The Board shall establish and approve a Charter for each standing Committee and shall require each Committee to annually review its charter for adequacy and relevancy and its performance against the Charter and provide a report thereon to the Board.
